

To our Residents, Friends and Neighbors:

In these uncertain times, I want to reassure you the safety and health of our team, our residents and the communities we serve is our primary focus as we continue to carefully monitor the spread of Coronavirus (COVID-19). The work we are doing is important – we are managing people’s homes. That is a vital part of the fabric of this country. Every action we take to keep ourselves and our residents healthy is critical.

With the unprecedented spread of COVID-19 and the incredible speed of change around us, we will continually adapt our operations and business. We have prepared in-depth policies and procedures for dealing with the spread of this virus to minimize the risk of exposure. We are making arrangements to accommodate our employees amid school and business closures, and we have added additional protocols regarding cleaning and sanitation.

We recognize that we are all in this together and are committed to doing whatever we can to make a positive impact during this difficult time. If you need help, please reach out. If you have questions, please ask. We may not yet have all the answers, but no one is going to work harder than BH to do the right thing in these trying times.

Thank you for your patience, your understanding and your support.

Be healthy,

Joanna Zabriskie  
President and CEO
